

Did you know??

- There is higher housing stress on the Central Coast than Greater Sydney!
- In June 2020 only 22 out of 538 available rental properties were affordable to those in the very low income bracket on the Central Coast!
- Older women (55+) are the fastest growing cohort of homeless people!

This social issues forum will explore the **issues** and **potential solutions** surrounding older women's homelessness on the Central Coast.

You will hear **evidence on what works**, learn about **successful approaches** to addressing the issue, meet **specialised practitioners** and **engage with innovators** in collaborative service provision.
